

Since 1931, the Junior League of Long Beach, Inc. (JLLB) has been **making a difference** in the lives of children and families in Long Beach and surrounding communities.

The mission of the more than 450 **dynamic women** in the JLLB is to promote voluntarism, develop the potential of women, and improve the community through the effective action and leadership of **trained volunteers**. It is the training opportunities and skilled volunteers that most clearly set the Junior League of Long Beach apart from other charity organizations.

Through research and involvement with **community partners**, the JLLB works to identify community needs and strives to create programs to meet those needs. Over the years, the **JLLB has created and developed over 60 programs** that have been launched into the community. Many of the projects have gone on to become their own nonprofit organizations such as Long Beach Fire Safety House and the Children's Dental Clinic.

Benefits of Membership
